

How to access the app

The Marymount Paris App is your comprehensive digital gateway to stay connected with your child's school experience. Through this centralized platform, you can access all the essential information and services you need as a parent in one convenient location. Whether you're checking the latest school news, viewing the academic calendar, or monitoring your child's attendance and academic progress through grades and reports, everything is just a tap away.

Beyond academics, the app helps you manage the practical aspects of school life with ease. You can access online learning resources, stay informed about your child's health and wellbeing initiatives, and manage bus transportation details. The app also keeps you connected to the wider school community through features for hot lunch ordering, uniform information, PTO (Parent-Teacher Organization) updates, and after-school activities enrollment. Additionally, you can register for important events like parent-teacher conferences directly through the app, and access dedicated support whenever you need assistance. With the Marymount Paris App, you'll have everything you need to support your child's educational journey right at your fingertips.

With your phone, tablet, or computer

[Install the iPhone app](#) or access from anywhere at <https://app.marymount.fr>

How to login

The schools sends your initial login and password by email as part of your enrollment process.

if you haven't received such email, you can inquire our IT Helpdesk at ithelpdesk@marymount.fr

if you have lost/forgotten your password, you can [initiate its recovery here](#)
